

## 1. Introduction

This document contains multiple sections with tables and text. The purpose is to test the table extraction and rendering functionality.

## 2. Methods

Table 2: Experimental Parameters

Parameter	Value
Temperature	25°C
Pressure	1 atm
Duration	60 min

### 3. Results

Table 3: Outcome Measurements

Group	Mean	SD
Control	45.2	3.1
Treatment	67.8	4.2
